## **Part I**

### **Preamble**

- 1** The College of Engineering Constitution sets forth selected aspects of College of Engineering governance.
- 2** This Constitution is aligned with documents approved by university-level bodies governing the functioning of the University of Saskatchewan. Those documents take precedence.
- 3** The Constitution includes the College of Engineering Faculty Council bylaws. These bylaws are subject to the bylaws, policies and regulations of the University Council, which establishes the Faculty Council. To the extent that any previous resolution of the Faculty Council or its predecessors or any committee of that Council is inconsistent with this document, the University Council document has precedence.
- 4** In addition to the obligations in the Faculty Council bylaws, Faculty Council expects:
  - (a) the Dean of the College of Engineering to:
    - (i) annually provide a report on the College's accomplishments of the past year and the goals for the coming year;
    - (ii) meaningfully engage Faculty Council in the Dean's role of overseeing the work of the College and of the teaching and training of the students of the College; and
    - (iii) attend and participate in Faculty Council meetings.
  - (b) all administrative leaders, including but not limited to the Dean and Associate Deans of the College, to provide an opportunity for Faculty Council to provide input and advice on all significant decisions and on significant changes in College policy.
- 5** Faculty Council will provide guidance and advice when it is requested, and will work with college administration to implement initiatives and/or decisions that are endorsed by Faculty Council.

## Part II

### Faculty Council Bylaws

#### Constitutional Powers and Duties

The duties delegated by University Council to the Faculty Councils are laid out in Part Three, Section V, Subsection 2 of the University Council Bylaws and Regulations.

  - (c) To make recommendations to the University Council concerning addition, deletion or modification of courses and programs of study, and concerning the requirements for successful completion of such programs;
  - (d) To establish and publish rules and methods for the progression and graduation of students and for their suspension or requirement to withdraw permanently for failure to meet the requirements for progression;
  - (e) Subject to the University Council's examination regulations, to establish and publish rules and standards with respect to the assessment and examination of students in courses and programs offered by the college or school;
  - (f) To make decisions concerning progression of students and concerning their suspension or requirement to withdraw, in accordance with the rules approved by the Faculty Council, and to hear appeals of such decisions;

- 30 Voting will normally be by a show of hands, unless otherwise specified in these bylaws. A procedural motion to require a secret ballot vote must be seconded and approved by a majority.
- 31 In an emergency circumstance as determined jointly by the Dean and the Chair, a motion may be put to the members electronically. Electronic approval of a two-thirds majority of the members of Faculty Council who vote to any motion, provided quorum is met, will be deemed to have the same force and effect as a motion adopted by a vote of the members at a meeting duly convened, and will be recorded in the minutes of the next regular meeting.
- 32 Any member may have his or her vote recorded for the minutes on request. The number voting for or against a motion shall be entered on the minutes at the call of any two members.

- 47 The Committee Chair shall ensure there is a record of decisions from each committee meeting and shall make these minutes available to all members of the Faculty Council upon request. Minutes for meetings when confidential matters are discussed shall be handled in accordance with Faculty Council's procedures for confidential matters as specified in section 52.
- 48 The Dean may seek the advice or assistance of a committee of Faculty Council with respect to particular items of business. The advice and assistance shall not contradict or conflict with policies of the Faculty Council, and the Committee shall report to Faculty Council on the general nature of the advice given.

## **Records**

- 49 University Council Bylaws require that each Faculty Council keep a record of its proceedings and this record be open to any member of the Faculty Council. In such cases, the non-confidential portion of the minutes will reflect the fact that a confidential section has been removed. Both the non-confidential and the confidential portion of the minutes are considered to constitute the official record of the meeting and will be preserved for the official archive.

## **Independence and Conflict of Interest**

- 53 Members of the Faculty Council and its committees will have as their principal concern the welfare of the college and of the university. Members will exercise independent judgment and may not act as agents of any person or organization.

- 55** A member of Faculty Council or a Faculty Council committee must disclose and identify a conflict of interest (including a perceived conflict of interest), and will abstain from voting on matters on which he or she has a conflict of interest. When appropriate, the member will withdraw from deliberations with respect to the matter. The minutes will reflect the disclosure and any abstention or withdrawal.
- 56** A committee member may raise the question of whether another member has a conflict of interest or perceived conflict of interest on a matter before the committee, and to ask a member to withdraw from the deliberations and/or to refrain from voting on a matter. The Chair may request full disclosure of the individual's relevant interests or an explanation that no conflict of interest exists. The Chair shall rule on any questions of conflict of interest and all rulings shall be final. If there are questions of conflict of interest regarding a committee chair, the rulings shall be made by the Faculty Council Chair. If there are questions of conflict of interest of the Faculty Council Chair, rulings shall be made by the Dean of Engineering.
