USask Engineering Direct Entry Checklist / Admissions AVG Estimator

Saskatchewan Students

Please use this form to check prerequisites and calculate your Admissions Average to ensure you are on track for direct entry into USask Engineering.

Apply early!

And we will use your **grade 11 (20-level) marks as predictors for performance in grade 12;** upon completion of Grade 12, final marks must be submitted to verify admission requirements are met.

Prerequisites

- **minimum grade of 70% is required in each of these courses**
- **they must be completed by June 30th**

Prerequisite Courses*	My Final Grade
Chemistry 30	_____ %
Physics 30	_____ %
Pre-Calculus 30	_____ %

REQUIREMENTS & DEADLINES

*These courses can also be used to calculate your USask Admission Average if they happen to be your highest grade.

USask Admission Average of 75% Required

USask will calculate your admission average using this five-mark formula:

Subject Requirements	Specific 30-level Course** <i>(choose your best classes to meet each requirement)</i>	My Final Grade
<i>Example:</i>	<i>English 30A</i>	<i>84</i> %
One English 30	_____	_____ %
One Math 30	_____	_____ %
Three other approved subjects based on the following:		
<ul style="list-style-type: none"> • Up to two Natural Sciences • Up to two Social Sciences / Humanities • Up to one Fine/Performing Arts 		
	_____	_____ %
	_____	_____ %
	_____	_____ %

**CALCULATE YOUR ADMISSION AVG

**Use QR code to see details on which high school classes can be used to calculate your admissions average.

$$(A + B + C + D + E) / 5 = \text{Admission Average}$$

= My Admission Average

It starts in Grade 10...

Connect with your high school guidance/career counselor **early & regularly** to map out the right high-school courses for your education journey.
