

DEFERRED FINAL EXAMINATION

This form must be delivered to the Engineering Student Centre as soon as possible, but not later than three (3) business days from the date of the missed final examination. A separate Deferred Final Examination form must be completed for each class in which a deferred final examination is sought.

Deferred and supplemental final examination dates and schedules are set by the University of Saskatchewan Registrar. Students are expected to avoid making prior travel, employment, or other commitments for the entire examination period during which they expect to write.
